	Connect L	ocation			
			-		

#### **Department Display Settings (example below)**

- a. Fill out all 6 Descriptions
- b. Chose map to links
- c. Goals or units processed daily
- d. MAKE SURE USE TIMESTAMP IS CHECKED

	Description	Мар То:	Goal U	nits/Day
#1:	Client car arrival	sheduled in	<b>~</b>	5
#2:	Estimate	Needs Estimate	<b>~</b>	5
#3:	Start Work	Start Work	-	5
#4:	Tear down	Tear Down	<b>~</b>	4
<b>#5</b> :	Assembly	ASSEMBLY	•	5
#6:	Ready for Customer	READY	•	2
	NOTE: Dept. # 6 triggers Takt Timer reset when ARRIVING in dept. All other counters are based on LEAVING dept.	✓ Use Timestamps		

Once this is all filled out click "OK" button on bottom of page

Now right click your shop location and hit "Connect Location"
